*Identities Document

- Passport:** A passport is a travel document issued by a country's government to its citizens that verifies the identity and nationality of the holder for the purpose of international travel..
- National ID:** used by the governments of many countries as a means of tracking their citizens, permanent residents, and temporary residents for the purposes of work, taxation, government benefits, health care, and other governmentally-related functions.
- Driver License:** A legal authorization, or the official document confirming such an authorization, for a specific individual to operate one or more types of motorized vehicles—such as motorcycles, cars, trucks, or buses—on a public road. Such licenses are often plastic and the size of a credit card.
- Residence Permit:** A document or card required in some regions, allowing a foreign national to reside in a country for a fixed or indefinite length of time. These may be permits for temporary residency, or permanent residency. The exact rules vary between regions. In some cases (e.g. the UK^[4]) a temporary residence permit is required to extend a stay past some threshold, and can be an intermediate step to applying for permanent residency.

*Relationship with the project

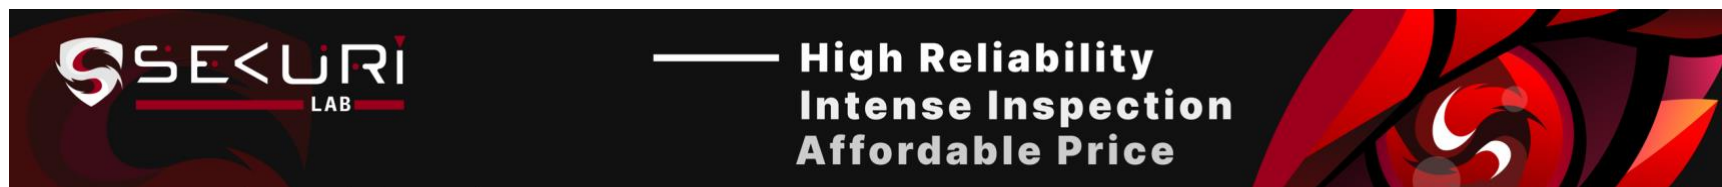

- Owner:** Project owner including founder and co-founder This also includes shareholders.
- C-Level:** Project management with authority on the agenda of the meeting, such as CEO, COO, CMO, CFO..
- Developer:** Eligible project developers can make changes to the Smart Contract for that project.
Note: Marketing Developer, Front-end Developer are not authorized in this section.
- DAO:** Decentralized Autonomous Organizations There must be a minimum of 75% or three-fourths of the total voting rights for each proposal. KYC procedures must be performed.
- Team:** Person assigned or working within that project
